How to apply

An application form should be completed by each applicant and forwarded to a Kiwanis club to act as sponsor of the application in time to meet the deadline of 30 April in each year. How is the Kiwanis Foundation financed?

The NZ-SP Kiwanis Foundation has to date largely been funded by donations from Kiwanis Clubs in the New Zealand-South Pacific District of Kiwanis International. These donations come from specific fundraising projects carried out by the clubs in the Kiwanis District, which encompasses New Zealand, New Caledonia, Vanuatu and French Polynesia, as well as from donations from individual current and former Kiwanians.

Monies received are held in the Foundation's capital fund which is invested. The interest received from these investments is the source of the funds given out as grants to successful applicants.

In view of the worthwhile contribution made to communities by the grants awarded each year it is hoped that other individuals and groups or organisations will feel moved to donate to this special Foundation which aims at contributing to a wide variety of children's educational activities.

Your assistance is sought in building up the New Zealand-South Pacific District Kiwanis Foundation Trust Fund so that more children can be helped - especially in times of economic downturn. So often it is the children who suffer. Please help us to help the children.
